SUMMARY

I'm Rafio, a versatile full-stack developer with experience in data engineering. I bring a unique blend of skills, including problem-solving, data visualization, and effective communication. I am eager to join an innovative company like Apple, where I can contribute to cutting-edge projects and thrive in a collaborative environment.

SKILLS

Front-End: JavaScript, React, Redux, HTML5, CSS3

Tools & Methods: Git, GitHub, Netlify, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools

Professional: Remote Pair-Programming, Teamwork, Mentoring

EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS

Full Stack Web Development Student & Mentor

Remote
March 2023 – Present

Mastered intermediate and advanced topics in full-stack development (including Rails, Git, and DS&A challenges) while building multiple full-stack projects both independently and via pair programming.

Movie Monday — Movie Monday is a dynamic web application designed for movie enthusiasts to explore, discover, and engage with the world of cinema.

- Built with: **API, JavaScript**

Math-Magician — Math Magician, users can access a wide range of functionalities that can support basic arithmetic operations such as addition, subtraction, multiplication, and division

- Built with: **React, JSX**

To-do-list — To-do list website is a useful tool for keeping track of tasks and staying organized. It allows users to create, manage and prioritize tasks, set reminders and deadlines, and track their progress towards completing their goals.

- Built with: **JavaScript**

MICROVERSE

Mentor (Volunteer)

Remote
April 2023 – Present

- Mentored junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.
- Provided advice and tips on how to maintain motivation to maintain longevity in the program.

EDUCATION

MICROVERSE

March 2023 – Present

Remote Full Stack Web Development Program, Full Time

- Spent 1800+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard gitflow, and daily standups to communicate and collaborate with international remote developers.

Ahsanullah University of Science & Technology

Electrical & Electronic Engineering, Completed

July 2018 – December 2022

- Research Topic: [Pneumonia detection using Chest X-rays based on CNN](#)
